Company Overview

T.K. Accessories & Packaging is a leading, fully compliant manufacturer of garment trims, accessories, and sustainable packaging solutions in Bangladesh. From concept development to bulk delivery, we provide a one-stop, reliable sourcing solution for global fashion brands, buying houses, and manufacturers

With a modern, certified production facility and a strong focus on quality, compliance, and sustainability, we help our partners achieve consistent product performance, faster lead times, and responsible sourcing-all under one roof.

Factory & Office Address :

2168, Rupayan Gate No. 1, Bhuighar, Kutubpur, Fatullah-1420, Narayanganj, Bangladesh

Website: www.tkaccbd.com, E-Mail: tkaccbd@gmail.com

Why T.K. Accessories & Packaging

- One-stop solution for trims, accessories, and packaging
- Fully compliant and internationally certified manufacturing
- Strong R&D and product development capability
- High-capacity production with consistent quality control
- Dedicated sales and customer service support
- Nationwide doorstep delivery and global export authorization

Our integrated setup reduces sourcing complexity, minimizes lead time, and ensures dependable quality for every order.

Our Commitment : People, Place & Product

WE CARE-PEOPLE

- Ethical and compliant workplace certified by BSCI and Better Work
- Skilled workforce supported by continuous training and development
- Employee welfare programs including medical care, maternity benefits, childcare, and education support
- Long-term partnerships built on trust, transparency, and service excellence

WE CARE-PLACE

- Active initiatives to reduce carbon footprint and greenhouse gas emissions
- Environmentally responsible operations supported by ETP facilities
- Use of recycled and certified raw materials wherever applicable

WE CARE-PRODUCT

- Quality Management System (QMS) implemented at every production stage
- OEKO-TEX certified and non-toxic raw materials
- Strict traceability from raw material to finished goods

Certifications Achieved Over the Years

We take pride in maintaining international standards of quality, safety, and sustainability. Our certifications reflect our ongoing commitment to excellence and responsible manufacturing practices.

Certifications & Compliance

Our certifications reflect our commitment to ethical manufacturing, product safety, and sustainability :

- OEKO-TEX® Standard 100
- Amfori BSCI
- Better Work Certification
- GRS (Global Recycled Standard)
- FSC Certification (for paper and carton units)
- These standards ensure confidence, compliance, and risk mitigation for our global partners.

TRIMS

ELASTIC

(Jacquard, Crochet, Woven By Honde)

We manufacture a wide range of elastic designs using state-of-the-art machinery from Taiwan. Our production process utilizes premium-quality yarn, spandex, and rubber, ensuring superior elasticity, durability, and consistency in every product.

PRODUCTS

Jacquard Elastic, Woven/Needle, Crochet, Picot, Lace, Striped, Button Hole Elastic.

CAPACITY

(per day)
Crochet Elastic: 2,50,000 Yards
Woven Elastic: 25,000 Yards
Jacquard Elastic: 25,000 Yards
Button Hole Elastic: 50,000 Yards

DRAWSTRING & DRAWCORD

We manufacture high-quality drawstrings using premium cotton, polyester, and synthetic yarns. Our drawstrings are designed for use in a wide range of products including jackets, trousers, hoodies, bags, and shoes, ensuring strength, comfort, and aesthetic appeal.

PRODUCTS

Round, Flat, Tube Drawstring, Elastic Drawcord with automatic plastic, metal & silicon Tipping

CAPACITY

200,000 yards (per day)

TRIMS

TWILL TAPE

Narrow fabrics have become an integral part of modern fashion and apparel design. To meet our customers' diverse needs, we manufacture a variety of high-quality twill tapes made from cotton, polyester, and synthetic yarns. Our tapes combine durability, flexibility, and refined appearance deal for a wide range of garment applications.

PRODUCTS

Herringbone, Canvas, Narrow, Flat, Waist, Oxford, Striped Tapes.

CAPACITY

400,000 yards (per day)

NARROW FABRICS

SATIN & COTTON RIBBON

We operate with world-class Megaba brand ribbon knitting machines, ensuring precision and superior fabric quality. Our facility also includes mini continuous dyeing units for light colors, allowing excellent color consistency and shade accuracy. In addition, our automatic calendaring and rolling systems ensure smooth finishing and perfectly packaged final products

CAPACITY

50,000 yards (per day)

TRIMS

Smocking Thread

We manufacture smocking thread in various designs using modern, high-performance machines from Taiwan. Each thread is produced with premium-quality yarn and rubber, ensuring excellent elasticity, durability, and smooth finish ideal for high-quality garment applications.

PRODUCTS All Type of Smocking thread

CAPACITY 50,000 cone (per day)

PRINTED LABEL

We produce high-quality printed labels using advanced technologies, including Flexo printing, Ultrasonic cutting and folding, Flexo block printing, and automatic screen printing with curing machines. These processes ensure precise detailing, durability, and vibrant color retention, meeting the highest standards of global apparel brands.

CAPACITY 600,000 pcs (per day)

TRIMS

HEAT TRANSFER PRINT

- Printing, Heat Pressing, Vacuum Machine
- Woven Dryer

CAPACITY

(per day)
Heat Seal Label : 5,00,000 Pcs
Photo Sticker/Print : 1,00,000 Pcs

Plastic Button

All our machines and equipment are brand new and sourced from Tullio Giusi (Italy), ensuring precision, efficiency, and consistency in production. Our facility operates a fully functional, environmentally friendly Effluent Treatment Plant (ETP) to maintain sustainable manufacturing practices.

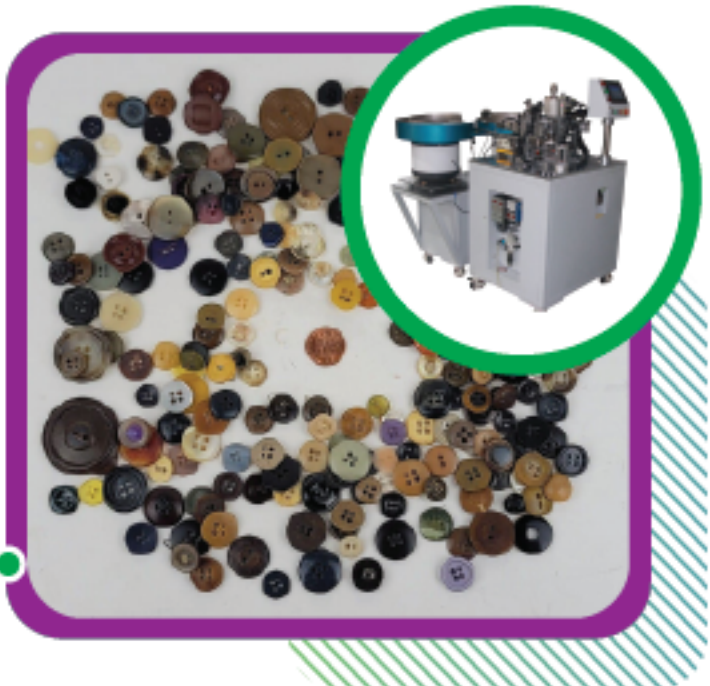

We take utmost care to avoid hazardous elements such as lead, nickel, chromium, azo compounds, and free phthalates during raw material procurement. This ensures our buttons are completely safe and non-toxic, suitable for people of all ages and demographics.

PRODUCTS

Chalk Buttons , Pearl Buttons
Horn Buttons , Logo Buttons
Fancy Buttons

OFFSET (Press Printing)

We produce a wide range of hang tags, photo inlays, paper bands, and other premium printed materials to meet the diverse needs of global apparel brands.

Our printing facility is equipped with world-class Heidelberg machines, including 5-color, 2-color, and single-color offset printing systems. This advanced setup allows us to achieve exceptional print precision, vibrant color reproduction, and consistent quality across all printed products.

Capacity : 1.5 Million pcs (per day)

Our state-of-the-art offset printing unit is equipped with the latest technologies to ensure world-class print quality and finishing precision. The facility features CTP (Computer-to-Plate) systems, film output machines, lamination, automatic die cutting, polar cutting, paper cutting, UV spot coating, foil printing, and pasting facilities.

We also have a dedicated dynamic design section, supported by image setup (Katana) and digital printing technology, allowing us to deliver innovative designs and premium finishes for every customer requirement.

This unit is covered by FSC Certification.

ACCESSORIES & PACKAGING

Prepared with the best effort ensuring the 100% quality.

POLY BAG

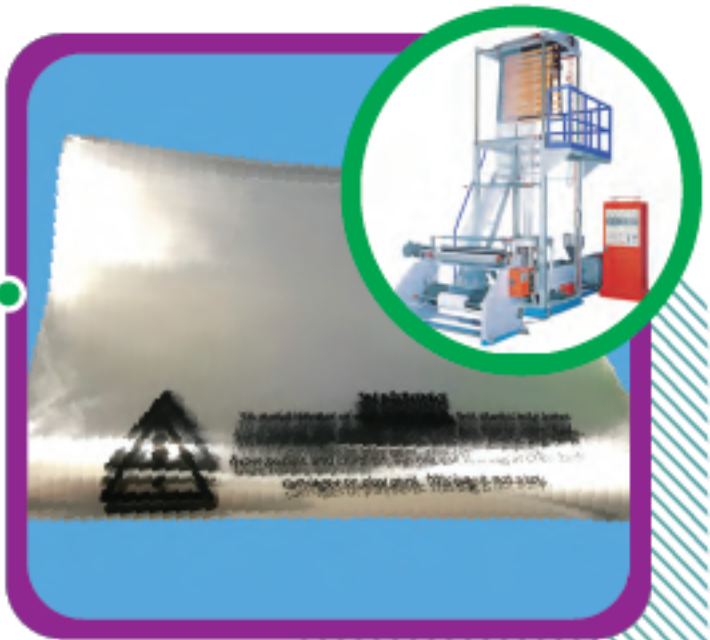

This unit is equipped with modern, high-speed blowing machines from Taiwan, ensuring efficiency and precision in production. We maintain accurate measurements and high-quality printing across all poly bags and poly sheets, meeting the exact standards of our global apparel and packaging clients.

PRODUCTS

Blister, Individual, Adhesive, Hanger, Poly Bags with Flap and gusset, Printed, LDPE, PP, Recycled & Bio-Degradable Poly Bags.

CAPACITY

600,000 pcs (per day)

GUM TAPE

We produce both clear and printed gum tapes using high-quality BOPP film and premium-grade adhesive to ensure strong bonding and durability. Each roll is manufactured with precise measurements, and we offer customized lengths and widths based on customer requirements, ensuring flexibility and consistency in every order.

PRODUCTS

Transparent, Brown, Printed & Paper Gum Tape

CAPACITY

30,000 Rolls (per day)

ACCESSORIES & PACKAGING

Prepared with the best effort ensuring the 100% quality.

SEMI AUTO CARTON

Capacity : 20,000 sqm (per day)

Our semi-automatic carton production unit manufactures 7-ply, 5-ply, and 3-ply cartons, offering customized printing options to meet specific client requirements.

We source both recycled and virgin paper from trusted suppliers in Europe, Australia, the USA, Korea, Taiwan, Thailand, and Malaysia to ensure the highest quality, durability, and sustainability in every product we deliver

This unit is certified by FSC.
